DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 9/27/06 was considered and made of record by the examiner.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Egan on 11/30/06.

The application has been amended as follows:

IN THE CLAIMS:

- (a) Cancel claims 34-40;
- (b) Claim 20, line 11, delete phrase "and";
- (c) Claim 20, line 12, insert phrase ; and using the encoding type to decode signals in the first modem. after phrase "said analysis";
- (d) Claim 27, line 9, delete phrase "and" after phrase "transmission level,";
- (e) Claim 27, line 10 insert phrase –, and use the encoding type to decode signals in the first modem. after phrase "said analysis"

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance. A search of prior art failed to teach, either alone or in obvious combination, a method or modem, which includes the functions of selecting two transmission levels and determining an encoding type based on an analysis of the two transmission levels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
